

AGREEMENT REGARDING DISCIPLINE OF THE LICENSE  
OF ALICEMARIE M. MILLER AS A PSYCHOLOGIST

Come now Alicemarie M. Miller, and the State Committee of Psychologists and Department of Economic Development and enter into this Agreement for the purpose of informally resolving the Complaint against Alicemarie M. Miller, involving her license as a psychologist.

I.

Alicemarie M. Miller, (hereinafter "licensee") hereby stipulates with the State Committee of Psychologists and Department of Economic Development to the following facts:

1. The State Committee of Psychologists, an adjunct to the Missouri Board of Registration for the Healing Arts, is an agency of the State of Missouri created and established pursuant to § 337.050, RSMo Supp. 1984, for the purpose of advising and making recommendations to the Department of Economic Development concerning executing and enforcing the provisions of Chapter 337, RSMo, the Psychology Practice Act.

2. The licensee is licensed by the State Committee of Psychologists. The licensee's Missouri license, numbered 00397, is and, at all times pertinent hereto, was current and active.

3. The licensee is chemically dependent on alcohol. This dependency impairs the licensee's ability to perform the functions and duties of a psychologist. Such impairment shall

continue until the licensee completely refrains from the consumption of alcohol.

## II.

In light of the foregoing stipulation of facts, Alicemarie M. Miller, the State Committee of Psychologists and the Department of Economic Development hereby consent and agree to the following disciplinary action to be imposed against the licensee's psychologist license. The licensee and the State Committee of Psychologists and Department of Economic Development understand that this agreement is in lieu of proceedings before the Administrative Hearing Commission, and all parties hereby expressly waive any and all rights attendant to a hearing before the Administrative Hearing Commission. In particular, the licensee acknowledges that she is aware of the various rights and privileges afforded her by law, including the right to a hearing of the charges against her; the right to appear and be represented by counsel; the right to have all charges against her proven upon the record by competent and substantial evidence; the right to cross-examine any witness appearing at the hearing against her; the right to present evidence on her own behalf at the hearing; the right to a decision upon the record of the hearing by a fair and impartial administrative hearing commissioner concerning the charges pending against her; and the right to a ruling on questions of law by an administrative hearing commissioner. Being aware of these rights provided her by operation of law, the licensee, Alicemarie M. Miller,

knowingly and voluntarily waives each and every one of these rights and freely enters into this Agreement Regarding Discipline of the License of Alicemarie M. Miller As A Psychologist.

Based on the foregoing, the parties mutually agree and stipulate that the following terms shall constitute the action taken by the State Committee of Psychologists and Department of Economic Development against the psychologist license of Alicemarie M. Miller:

1. The licensee's license to practice psychology, numbered 00397, shall be placed on probation for a period of five (5) years beginning on the date that this document is approved and signed by a representative of the State Committee of Psychologists on behalf of the Committee.

2. The terms and conditions of the aforementioned probation shall be:

A. The licensee shall comply with all provisions of Chapter 337, RSMo, and the rules and regulations duly promulgated thereunder and with all state and federal drug laws and all state and federal criminal laws.

B. The licensee shall keep the State Committee of Psychologists apprised at all times in writing of her current home and work addresses and telephone numbers and each place of employment.

C. The licensee shall inform the State Committee of Psychologists of her intention of accepting any employment involving the practice of psychology, other than the

position she holds at the time that this document is entered and approved, and she shall not enter into said employment except upon the prior approval of the State Committee of Psychologists. In no case shall the licensee accept employment involving the practice of psychology unless she is working under the direct, personal supervision of a psychologist licensed in this state or in the state where the employment occurs.

D. The licensee shall pay to the State Committee of Psychologists in a timely fashion all the requisite fees required by law to renew and keep current her psychology license in Missouri.

E. The licensee shall absolutely abstain from the consumption of alcoholic beverages.

F. The licensee shall undergo blood tests and urinalysis at such times and places and in such manner as deemed appropriate by the State Committee of Psychologists. These blood tests and urinalysis shall be at the licensee's own cost, for the purpose of determining the presence of alcohol in the licensee's bodily systems. The presence of any alcohol not medically authorized or supported by valid prescriptions shall constitute a violation of this term and condition.

G. Within thirty (30) days of the effective date of this agreement, the licensee shall enter a reputable alcohol inpatient abuse counseling and treatment program approved by

the State Committee of Psychologists. The licensee shall submit the name of the program to the State Committee of Psychologists for its approval prior to entering the program. Examining health care providers or counselors within this program shall report to the Committee in writing not less than once every two months as to the licensee's condition, treatment and prognosis and shall report again in detail on these items at the conclusion of treatment or the end of this probationary period, whichever shall occur first. It shall be the responsibility of the licensee to ensure that these reports are submitted by her health care providers or counselors in a timely manner. By entering into this agreement, the licensee releases any privilege attaching to the records of the aforesaid counseling and treatment program and hereby grants the Committee the right to obtain copies of said records upon request. This counseling program shall be at the licensee's own expense.

H. The licensee shall report to the State Committee of Psychologists in writing once every two months beginning on the effective date of this agreement, stating truthfully whether or not the licensee has complied fully with all terms and conditions of probation and, if the licensee has not, further detailing in each respect how the licensee has failed to so comply.

I. The licensee shall enter and maintain continuous and active participation in Alcoholics Anonymous within

thirty (30) days of the effective date of this agreement and shall submit signed confirmation slips to the State Committee of Psychologists in conjunction with the reports set forth in paragraph G above once every two months documenting her attendance in at least one Alcoholics Anonymous meeting per week.

3. Should the licensee violate any term or condition of probation or any provisions of Chapter 337, RSMo, the State Committee of Psychologists may vacate the order of probation imposed herein and order the licensee's psychology license to be further disciplined as the Committee deems necessary and appropriate.

4. This agreement does not bind the State Committee of Psychologists or restrict the remedies available to it concerning any future violations of Chapter 337, RSMo, by the licensee.

FINDINGS OF FACT  
AND CONCLUSIONS OF LAW

On February 11, 1993, the State Committee of Psychologists filed a complaint alleging that the psychologist's license of Alicemarie M. Miller was subject to further discipline for violation of the terms of the September 9, 1988, disciplinary agreement entered into between Miller and the State Committee of Psychologists. The Committee convened a hearing on May 21, 1993. Arthur S. Margulis, St. Louis, Missouri, represented Miller and Assistant Attorney General Kara Johnson represented the Committee.

Prior to the presentation of evidence at the hearing, Respondent, through counsel, objected to the complaint as being vague and indefinite and objected to the presentation of the state's expert as invading the providence of the Committee. The Committee took the matters under advisement.

The Committee, having considered respondent's objections, denies each.

Findings of Fact

1. Respondent, Alicemarie M. Miller, is licensed by the State Committee of Psychologists as a psychologist, license number 00397. Respondent's license is current and active.

2. On August 11, 1986, the Committee and Respondent entered into an agreement whereby Respondent admitted that she was chemically dependent on alcohol and that this dependency impaired her ability to perform the functions and duties of a psychologist.

3. The Committee placed Respondent's license on probation for a period of five years effective August 11, 1986.

4. On or about June 17, 1988, a Complaint on Violation of Disciplinary Agreement was filed with the Committee.

5. The Committee and Respondent mutually agreed to place Respondent's license on probation for two additional years.

6. The August 11, 1986, agreement provided the following:

2A. The terms and conditions of the aforementioned probation shall be: The licensee shall comply with all provisions of Chapter 337, RSMo, and the rules and regulations duly promulgated thereunder and with all state and federal drug laws and all state and federal criminal laws.

3. Should the licensee violate any term or condition of probation or any provisions of chapter 337, RSMo, the State Committee of Psychologists may vacate the order of probation imposed herein and order the licensee's psychology license to be further disciplined as the Committee deems necessary and appropriate.

7. The agreement effective September 9, 1988, incorporated the August 11, 1986, agreement, and provided that:

5. Should the licensee violate any term or condition of her probation or any provisions of Chapter 337, RSMo, the State Committee of Psychologists may vacate the order of probation imposed herein and order the licensee's psychologist license to be further disciplined as the Committee deems necessary and appropriate.

8. Commencing in July of 1990, Miller provided psychological services for patient J.S. whom she diagnosed as having a borderline personality disorder and sexual addiction. Miller's treatment included joint sessions with J.S.'s wife.

9. J.S.'s fourth or fifth session with Miller was a joint session with his wife. At the end of the session, Miller engaged herself and the couple in a group hug and kissed Mrs. J.S. on the cheek.

10. J.S.'s last session with Miller occurred in late September. The session was scheduled to be a joint session, but J.S. came by himself.

11. During the last session in September, Miller acted in a very abrupt and harsh manner. J.S. cut the session short and

left early.

12. The day after J.S.'s last appointment, he mailed Miller a check and informed her via a letter that he was no longer in need of her services.

13. On September 28, 1992, Miller repeatedly left messages at J.S.'s office.

14. On November 14, 1992, J.S. sent Miller a letter asking her to refund the money he had spent on therapy. After Miller responded to the November 14, 1992 letter, J.S. sent an additional letter stating that he thought the therapy had been harmful.

15. Following the second letter, Miller contacted his home. After Miller had talked for a period of time, J.S. hung up the phone.

16. J.S. left the phone off the hook for approximately twenty minutes, and then returned it. The phone immediately rang and J.S. allowed the answering machine to pick up the call. Miller left a message on the machine.

17. Miller subsequently left an additional message on the machine. In the messages Miller tried to convince J.S. to re-enter therapy. In addition, she stated that she cared about him and closed the first message by saying, "Love you, bye bye."

18. Therapeutic boundaries are particularly important in cases involving patients with borderline characteristics.

19. Miller's physical contact with respondent and his wife

and her phone calls to the home and office violated therapeutic boundaries.

20. Miller failed to follow acceptable treatment approaches for borderline personalities in her treatment of patient J.S.

#### Conclusions of Law

The Committee has jurisdiction over this proceeding in that the Complaint presents a case in which the Committee must determine whether or not a licensee has violated a condition or conditions of discipline. Section 621.110, RSMo, State Board of Registration for the Healing Arts v. Masters, 512 S.W.2d 150, 160-161 (Mo.App. K.C.D. 1974).

At the time of the facts found above, Miller was under discipline pursuant to the September 9, 1988, disciplinary agreement. The September agreement incorporated the terms of discipline from the August 11, 1986, agreement, which provided in part:

The licensee shall comply with all provisions of chapter 337, RSMo, and the rules and regulations duly promulgated thereunder, and with all state and federal drug laws and all state and federal criminal laws.

The Committee concludes that Miller has violated the terms of her discipline in that she has violated Chapter 337 and the rules and regulations promulgated thereunder.

Section 337.035.2 provides discipline for:

(5) Incompetency, misconduct, gross negligence, fraud, misrepresentation or dishonesty in the performance of the functions or duties of any profession

licensed or regulated by this chapter;

(6) Violation of, or assisting or enabling any person to violate, any provision of this chapter, or of any lawful rule or regulation adopted pursuant to this chapter;

(13) Violation of any professional trust or confidence;

(15) Being guilty of unethical conduct as defined in "Ethical Rules of Conduct" as adopted by the committee and filed with the secretary of state.

Incompetency means a lack of sufficient professional abilities, or the lack of the disposition to use a person's otherwise sufficient present abilities, to perform a given duty. State Board of Pharmacy v. Nathanson, et al., No. 92-000084PH (Mo. Adm. Hearing Comm'n. December 16, 1992). A professional trust or confidence is engendered by a party's reliance on the special knowledge and skills evidenced by professional licensure. The failure to exercise the degree of skill and care expected of a professional amounts to a violation of such trust or confidence. Board of Pharmacy v. Anderson, No. 91-000431PH (Mo. Adm. Hearing Comm'n. March 20, 1992). In the case at hand, Miller's violation of therapeutic boundaries evidences a lack of professional ability or the disposition to use such ability and is, therefore, incompetency and a violation of professional trust and confidence. Furthermore, such action is in violation of the ethical rules of conduct as adopted pursuant to Chapter 337.

Specifically, Miller's conduct failed to maintain the highest standards of the profession pursuant to 4 CSR 235-5.020(2), and amounted to a failure to recognize the boundaries of her competence or the limitations of her techniques pursuant to 4 CSR 235-5.020(3).

The foregoing entitles the State Committee of Psychologists to impose the following order.

Decision and Order

It is the decision of the State Committee of Psychologists that respondent has violated the terms of her probation and that respondent's license is therefore subject to discipline.

THEREFORE, it is hereby the order of the State Committee of Psychologists that the license to practice psychology, numbered 00397 issued to Alicemarie Miller is hereby revoked. However, that revocation is immediately stayed and Respondent's license is hereby suspended for a period of three (3) years. Upon the completion of the three year suspension, Miller's license shall immediately be reinstated on probation for a period of five (5) years. This order becomes effective thirty (30) days from the date it is entered.

1. The following terms and conditions shall govern respondent's period of suspension and probation:

Within 20 days of the effective date of this Order, Respondent shall submit a list of no less than five (5) proposed psychologists to conduct the evaluations. The Committee may approve a psychologist from this list, or may require a second list of five (5) psychologists which the Respondent shall submit within twenty (20) days of the Committee's request. - D. The evaluating psychologist shall be released to discuss the purpose and methods of the evaluation with a representative of the State Committee of Psychologists prior to performing the evaluation. The evaluation will be pursuant to consultation with the State Committee of Psychologists. While Respondent will pay for the evaluation, the evaluating psychologist will work on behalf of the State Committee of Psychologists.
- E. Respondent shall abide by the recommendations of the evaluating psychologist set forth in the psychological evaluation. Respondent shall engage in all psychological testing, evaluation, supervision, therapy or other treatment. If therapy is deemed appropriate, the treating psychologist must be different from the psychologist performing the evaluation and must be approved by the State Committee of Psychologists pursuant to the procedure outlined for selecting the evaluating psychologist. Respondent shall commence any recommended therapy or treatment within twenty (20) days of the evaluation completion date.
- F. If therapy is deemed appropriate, it must be continued according to the frequency of sessions

recommended by the evaluating psychologist. The treatment modality or plan shall reflect issues and themes recommended by the evaluating psychologist as well as any additional treatment goals. Ongoing treatment and documentation should address the evaluating psychologist's recommendation.

G. In the event the treating psychologist becomes unable or decides not to continue serving in his/her capacity as a treating psychologist or otherwise ceases to serve as a treating psychologist during the disciplinary period, then, the Respondent shall:

b) within twenty (20) days of being notified of the treating psychologist's inability or decision not to continue serving as the treating psychologist, or otherwise learning

of the need to secure a treating psychologist, secure a treating psychologist pursuant to and in accordance with the terms and conditions set forth in this agreement.

- H. Respondent's therapist must report in writing every six (6) months to the State Committee of Psychologists on Respondent's progress. It is Respondent's responsibility to ensure that these reports are provided in a timely manner.
- I. Respondent must give the State Committee of Psychologists, or its representative, permission to review Respondent's personal treatment or medical records.
- J. During the period of suspension, Respondent shall not engage in any counseling, guidance, psychotherapy, or acts which fall under the definition of the term psychology as set forth in Sections 337.015.3 and 337.015.4, RSMo 1989, whether license is required for such acts or not.
- K. During the period of suspension, Respondent must complete a professional education course on the topic of Ethics approved by the State Committee of Psychologists. Such course must be taken in a department of psychology from a regionally

accredited university for graduate credit of no less than three (3) semester hours. The Respondent must obtain a grade of B or higher in the course. Readings courses, correspondence courses or independent study courses are unacceptable.

L. During the period of suspension, Respondent must complete a professional education course on the topic of Methods of Psychotherapy approved by the State Committee of Psychologists. Such course must be taken in a department of psychology from a regionally accredited university for graduate credit of no less than three (3) semester hours. The Respondent must obtain a grade of B or higher in the course. Readings courses, correspondence courses or independent study courses are unacceptable.

M. During the probationary period, Respondent must inform Respondent's clients/patients, employers, and all hospitals, institutions, and managed health care organizations with which Respondent is affiliated, that Respondent's work as a professional psychologist is under probation by the State Committee of Psychologists. Respondent must obtain written verification that each patient/client that Respondent treats, evaluates,

or consults has been so informed.

- N. During the probationary period, Respondent must tape-record all client sessions in their entirety and must produce any tape requested by the Committee upon presentation of a signed release. Respondent must obtain written authorization to tape-record sessions from all patient/clients.
- O. During the probationary period, Respondent's practice as a professional psychologist shall be supervised on a weekly basis by a psychologist approved by the State Committee of Psychologists. If Respondent has failed to secure a supervisor within twenty (20) days from the start of probation the Respondent shall cease practicing psychology until a supervisor is secured. Supervision includes full order and control of Respondent's practice of professional psychology by the supervising psychologist. Respondent shall be responsible for any payment associated with the supervision.

W. Upon the expiration of the disciplinary period, the Respondent's license as a psychologist in Missouri shall be fully restored, provided all provisions of this order and all other requirements of law have been satisfied.

X. If the State Committee of Psychologists determines that the Respondent has violated a term or

condition of her discipline, or has otherwise failed to comply with the provision of Chapter 337 RSMo, which violation would be actionable in a proceeding before the State Committee of Psychologists or the Administrative Hearing Commission or a Circuit Court, the State Committee of Psychologists may elect to pursue any lawful remedies or procedures afforded to it, and is not bound by this order and its selection of remedies concerning such violation.

This Order shall be effective August 10, 1993.
